Chapter 11

Case No. 19-23649 (RDD)

(Jointly Administered)

DECLARATION OF KIRK LANE

In response to an evidentiary objection raised by the State of Connecticut and the State of Washington to the Declaration of Colin Jorgensen (ECF No. 4016-1), Kirk Lane declares as follows in accordance with 28 U.S.C. § 1746:

1. My name is Kirk Lane. I am the Arkansas Drug Director, a position that I have held since August 7, 2017. As Arkansas Drug Director, I oversee the Office of State Drug Director. In addition to my role as Arkansas Drug Director, I currently serve as the Chairperson of the Arkansas Alcohol and Drug Coordinating Council, and am a member of the Arkansas Prescription Monitoring Program Advisory Board, the National Community Anti-Drug Coalitions of America National Board, and the Arkansas State Working Group for Prescription Drug Abuse Prevention.

¹ The Debtors in these cases, along with the last four digits of each Debtor's registration number in the applicable jurisdiction, are as follows: Purdue Pharma L.P. (7484), Purdue Pharma Inc. (7486), Purdue Transdermal Technologies L.P. (1868), Purdue Pharma Manufacturing L.P. (3821), Purdue Pharmaceuticals L.P. (0034), Imbrium Therapeutics L.P. (8810), Adlon Therapeutics L.P. (6745), Greenfield BioVentures L.P. (6150), Seven Seas Hill Corp. (4591), Ophir Green Corp. (4594), Purdue Pharma of Puerto Rico (3925), Avrio Health L.P. (4140), Purdue Pharmaceutical Products L.P. (3902), Purdue Neuroscience Company (4712), Nayatt Cove Lifescience Inc. (7805), Button Land L.P. (7502), Rhodes Associates L.P. (N/A), Paul Land Inc. (7425), Quidnick Land L.P. (7584), Rhodes Pharmaceuticals L.P. (6166), Rhodes Technologies (7143), UDF L.P. (0495), SVC Pharma L.P. (5717) and SVC Pharma Inc. (4014). The Debtors' corporate headquarters is located at One Stamford Forum, 201 Tresser Boulevard, Stamford, CT 06901.

In addition, I am the Region IV representative of the National Association of State Alcohol and Drug Abuse Directors.

2. I am over 18 years of age and competent to make this declaration. All the facts set forth in this declaration are offered to the best of my knowledge, information, and belief based on my personal knowledge and professional experience and my review of various records maintained by the Office of State Drug Director.

3. As the Arkansas Drug Director, I oversee the Arkansas Naloxone Saves Program, which currently has a federal grant as its sole source of funding. In my role overseeing the Naloxone Saves Program, I directed my office to track the efficacy and reach of the program by compiling data regarding drug overdose deaths and saves from naloxone in the State of Arkansas. My office regularly maintains and updates this data in the ordinary course of business.

4. In my capacity as Arkansas Drug Director, I also commissioned my office to compile the Naloxone Saves Program Report (“**Report**”) from this data that it regularly keeps. The Report is attached to this declaration as **Exhibit 1**.

5. I disseminated the Report to other government officials, journalists, and Arkansas citizens to provide information on the activities of the Office of State Drug Director and, in particular, the Naloxone Saves Program. Mr. Jorgensen was one of many people to whom I sent the Report on March 9, 2021, and it is this same Report that Mr. Jorgensen attached as an exhibit to his declaration.

6. The Report was not prepared in anticipation of litigation.

In accordance with 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct, to the best of my knowledge, information, and belief.

EXECUTED this 5th day of November, 2021

ARKANSAS NALOXONE SAVES PROGRAM REPORT

- The Arkansas Naloxone Program was developed to train and equip first responders in communities with life-saving naloxone to stop an opioid overdose. It is the result of number of Federal, State and Corporate funding opportunities, along with a great partnership with the Criminal Justice Institute (CJI). First responders consist of Law Enforcement, Fire, EMS, Treatment and Recovery Center personnel, and School Nurses, all of which have a high propensity to come into contact with those that may be experiencing an opioid overdose. The program also trains community members on health literacy regarding opioids and provides the NARCANSAS app to all Arkansans
